CHAPTER I - GENERAL REGULATIONS

1 AIM

[GR]

1.1 The object of Canoe/Kayak Slalom Racing competition is to negotiate a rapid river course, defined by gates, without fault, in the shortest possible time.

2 INTERNATIONAL COMPETITIONS

[GR]

2.1 All competitions announced as international shall be governed by the rules of the ICF.

2.1.1 Competitions organised by a Federation or its affiliated associations are always regarded as international if foreign competitors are invited and participate.

2.2 An international competition must be supervised by at least one judge who holds a valid card as an International Judge Slalom (IJSLS).

2.2.1 These officials are appointed by the Chairman of the SLC from nominations submitted by the organisers.

2.2.1.1 The organising Federation pays for room and board for these officials.

2.3 There are three types of international competitions:

Type A

Exclusively for national teams.

Open to all Federations with a maximum of 6 boats per event per Federation.

Type B

Exclusively for national teams.

Upon invitation of the organiser, with a maximum of 6 boats per event per Federation.

Type C

Open to all Federations.

Number of competitors to be determined by the organisers.

2.3.1 The start order for the competitors of type A B and C competitions are at the organiser's discretion.

2.4 There are three types of ICF competitions with a maximum of 3 boats per event per Federation:

- World Championships Seniors (See Chapter IV)
- World Championships Juniors (See Chapter V)
- World Cup Competition (See Chapter VII)

3 COMPETITORS

[GR]

3.1 Only the members of associations affiliated with a Federation have the right to participate in an international competition.

3.2 A competitor is always allowed to take part individually in an international competition but must in each case obtain special permission from his/her National Federation.

3.3.1 A Competitor may take part on behalf of the Federation in a foreign country in which he/she is domiciled, if he/she obtains the authorisation of his/her Federation of origin. This authorisation has to be sent before 30th November prior to the year concerned to the ICF Headquarters with a copy to the Chairman of the Slalom Racing Committee. The same procedure applies, should the Competitor change back his/her starting right to the Federation of origin.

3.3.2 If he/she has lived for 2 years or more in this foreign country, the approval of his/her Federation of origin is no longer required.

3.3.3 A competitor may not compete for more than one Federation in any one calendar year in the sport of canoeing. This rule does not apply in the case of a competitor who leaves his/her country of origin to marry in another country. He/she can, in this case, compete for his/her new Federation without awaiting the delay of 2 years.

3.4 The first year a junior competitor can compete is the year in which his/her 15th birthday falls and the last year he/she may compete, as a junior is the year in which his/her 18th birthday falls.

3.5 A master competitor can compete in a Masters event in a year that he or she reaches the lower limit of the age categories. I.e. in the 35-39 age group in the year of his or her 35th birthday. In events that have more than one competitor in the boat the age of the younger competitor will control the category in which a crew can compete. Age group categories will commence from age 35-39 an increase in upward in 5 year age brackets.

4 INTERNATIONAL COMPETITION CALENDAR

[GR]

4.1 By the 1st of August of each year, Federations must send to both the ICF H Q., and the Chairman of the Slalom Committee, the international competitions which they plan to hold in the following year.

4.1.1 Information shall include date, nation, venue and type (A, B, or C) of the competition.

4.1.2 Federations may amend such submissions up to 30th September that year. After that deadline, it will be considered as finalised, and should be sent to the secretarial office of the ICF to be published.

4.2 By the 1st of November, the international calendar is published in the ICF Bulletin, or by special circular.

5 MINIMUM PARTICIPATION

[TR]

5.1 An individual or a team event cannot take place unless at least 3 competitors or 3 teams from 2 different Federations start in that event.

5.2 It is not necessary for the validity of the competition that all 3 competitors or all 3 teams finish.

CHAPTER II - CATEGORIES - BOAT CONSTRUCTION - TRADEMARKS

6 CATEGORIES KM, KW, C1M AND C2M

[GR]

6.1 Individual Events:

Women	K1
Men	K1
Men	C1
Men	C2

6.1.1 A competitor may only participate in one single individual event.

6.2 Team Events (4 CAT RELAY SEE CHAPTER VII ARTICLE 45)

Women	3 x K1
Men	3 x K1
Men	3 x C1
Men	3 x C2

6.2.1 Teams may only be comprised of competitors who are participating in individual events.

6.2.2 A competitor may only participate in a single team event.

6.2.3 A competitor may participate in a team event different from his/her individual event.

6.2.4 Substitutions may be made for individual members of the team between the first and second runs when the competition has two runs.

6.2.4.1 Only one boat of a team may be substituted.

6.2.4.2 This change must be communicated to the Starter in writing.

6.2.5 In competition types A, B and C there may be, at the organiser's discretion, Junior events in any or all of the above events.

6.3 Start Order

6.3.1 In the team events, the starting order is taken from the average results of the best three competitors of each Federation in each event. The starting order is the reverse order of these average results. In anomalous cases, the team/s will start at the top of the list and are drawn, effect of the organizer.

7 BOATS, PADDLES, ACCESORIES

[GR] [TR]

7.1 Boat Specifications [TR]:

7.1.1 Measurements

All types of C1	Minimum length 3.50 m minimum width 0.65 m
All types of C2	Minimum length 4.10 m minimum width 0.75 m

7.1.2 Minimum Weight of Boats

(The minimum weight of the boat is determined when the boat is dry)

All types of K1	9 kg.
All types of C1	10 kg.
All types of C2	15 kg.

7.1.3 All boats must have a minimum radius at each end of 2 cm horizontally and 1 cm vertically.

7.1.4 Rudders are prohibited on all boats

7.1.5 Boats must be designed to, and remain within, the required dimensions.

7.1.6 Kayaks are decked boats, which must be propelled by double bladed paddles and inside which the competitors sit. Canadian canoes are decked boats that must be propelled by single-bladed paddles and inside which the competitors kneel.

7.2 Trademarks [GR]

7.2.1 Boats, accessories, and clothing may carry trademarks, advertising symbols, and written text.

7.3 Requirements for ICF Canoe/Kayak Slalom Racing Competitions (Excluding Olympic Games)

7.3.1 The guidelines for any advertising material carried on the clothing and equipment of paddlers should be as follows:

7.3.2 All advertising material should be placed in such a way that it does not interfere with competitors' identification and does not effect the outcome of the race

7.3.3 The advertising of tobacco smoking and strong spirit drinks will not be accepted

7.4 [IOC] Requirements for Olympic Games:

7.4.1 No form of publicity of propaganda, commercial or otherwise, may appear on sportswear, accessories or, more generally, on any article of clothing or equipment whatsoever worn or used by the athletes or other participants in the Olympic Games, Boats, accessories and clothing may carry trademarks, advertising symbols (with the exception of tobacco products), emblems and words, except for the identification of the article or equipment concerned, provided that such identification shall not exceed a total area of nine square centimetres.

7.4.2 The word " identification " means the normal display of the name, designation, trademark, logo or any other distinctive sign of the manufacturer of the item, appearing not more than once per item.

7.4.3 The uniform of the competitors and all persons holding an official position may include the flag of their NOC Olympic emblem or, with the consent of the OCOG, the OCOG Olympic emblem. The ICF officials may wear the uniform and the emblem of the International Federation.

7.4.4 Any boat, accessory, or article of clothing, which does not comply with the above conditions, will be ineligible for use during a competition. Teams are responsible for their own equipment

CHAPTER III - RACING ORGANISATION AND REGULATIONS OF THE COMPETITIONS

8 OFFICIALS

[GR] [TR]

8. [GR]/[TR] Officials

Depending on its nature and importance, an international Slalom Competition is managed by the following officials:

8.1 Competition Committee [GR]

8.1.1 Every international slalom competition must have a Competition Committee consisting of 3 members. Members of the Competition Committee must be IJSL.

The organising Federation on the basis of nominations received from the participating Federations names the members of the Competition Committee. A participating Federation may not have more than one Competition Committee representative.

The Representative of the organising Federation shall preside over the Competition Committee.

8.1.2 The Competition Committee receives protests concerning non-observance of the rules of competition and makes the final decision in the event of disagreement concerning interpretation of the rules. Decisions of the Competition Committee must be in accordance with ICF rules.

The Competition Committee may disqualify a competitor for the entire duration of the competition. The Competition Committee decides on all questions raised during the competition that are not covered by the rules.

In the event of a tie vote, the chairman of the Competition Committee decides.

8.2 Officials [TR]:

- 1) Chief Official (IJSL)
- 2) Technical Organiser (IJSL)
- 3) Chief Judge (IJSL)
- 4) Section Judges (IJSL)
- 5) Course Designer (IJSL)
- 6) Pre Start Controller
- 7) Finish Judge
- 8) Time Keepers
- 9) Chief of Scoring
- 10) Starter
- 11) Boat Controller
- 12) Gate Judges
- 13) Safety Officer
- 14) Medical Officer *
- 15) Media Officer *

* Only for World Championships and Olympic Games

8.2.1 Officials 1) to 5) must be IJSL.

8.3 Procedure for becoming an ICF Slalom Race Official (IJSL) [GR]:

The examination for international judges (IJSL) requires that the following conditions be met:

8.3.1 Only national federations are entitled to nominate candidates for examination. A fee of 20 EUR per candidate must accompany applications.

8.3.2 The candidates shall not be younger than 25 years or older than 65 and have at least 5 years experience as "a National Official". Their names are to be sent to the Secretary General of the ICF and to the Chairman of the Canoe/Kayak Slalom Racing Committee at least two months before the date of the examination.

8.3.3 A sub-committee of the ICF Canoe/Kayak Slalom Racing Committee consisting of two members, who are to be chosen from time to time, will hold this examination in conjunction with Olympic Games, World Championships. The examination will be carried out in one of the three official ICF languages and will be based on the knowledge of the ICF Statutes, the ICF Rules and practical experience. If a national Federation is asking for an examination at another date, the Federation concerned will cover the living and travelling expenses of the examiners.

8.3.4 Candidates, who have failed one examination, can enrol for another examination, but not earlier than the following year. Successful candidates will be issued with a valid card as an International Competition Official. The expense incurred by candidates in connection with the examination must be borne by their National Federation.

9 DUTTIES OF OFFICIALS

[GR] [TR]

9.1 The **Chief Official** directs the competition according to the rules.

9.2 The **Technical Organiser** is responsible for: Local preparations for, and conduct of, the entire competition. The installation and proper functioning of technical equipment required for the competition.

9.3 The **Chief Judge** must ensure that the competition is run correctly in keeping with the competition rules. He applies the competition rules and may disqualify a competitor or grant a rerun.

9.3.1 The **Chief Judge** must submit a report to the Secretary of the ICF and to the Slalom Committee concerning the running of the competition.

9.4 The Section Judge is responsible for the portion of the course to which he/she is assigned. He/she is assisted by Gate Judges.

It is his/her responsibility to ensure the correct penalty or the correct judgment is given on the gates within his/her section. After consultation with the Gate Judges, he/she must communicate his/her decision of whether or not a penalty is given. The Section judge should keep clear written documentation concerning each competitor. The Section Judges observe the progress of the race in order to guarantee a fair run to all competitors.

No participating Federation at the competition may have more than 3 Section judges for types A and B.

9.4.1 Gate Judges watch the gates to which they are assigned. In the event that gates are grouped at a single post at least 2 gate judges are required. Each gate judge should keep clear written documentation of their own observation of each competitor's negotiation of the gates assigned to them. Gate judges should visibly signal to the section judge any penalties they intend to assign to a competitor.

9.4.2 The penalties for each section are signalled with the corresponding discs or cards or section scoreboard at all times.

9.5 The Starter assures that the competitors are in the correct order and gives permission to start. He/she can refuse to start a competitor if the competitor:

- Fails to respect the safety rules.
- Fails to present himself/herself at the start at the moment indicated after having been called.
- Is not properly dressed or has no start number.
- Does not follow the Starter's orders.

9.6 The Pre Start Controller confirms that both the competitor's boat and personal attire meet the safety rules (safety helmet, buoyancy jacket and boat; See Chapter III Art. 19)

He/she checks that boats carry marks approved by the Boat Controller.

He/she prohibits the departure of competitors and of boats that do not meet the safety requirements.

Any time lost because of the above goes against the competitor.

9.7 The Finish Judge determines when a competitor has finished the course and co-ordinates with the Starter.

9.8 The Timekeepers are responsible for keeping the exact time and for transmitting this to the Scoring Office.

9.9 The Chief of Scoring is responsible for calculating the results of the competition and publishing them.

9.10 The Course Designer is responsible for the design of the course and ensures that the course is maintained in its original design during the competition. The Course Designer is responsible for proper hanging of the gates and of the other installations and must always be ready to make repairs or adjustments as necessary.

9.11 The Boat Controller assures that the dimensions and the weight of boats in the competition conform to the rules and marks them accordingly. He/she ensures that the boats and buoyancy jackets conform and may mark them.

9.12 The Safety Officer, together with a rescue squad and according to the circumstances, rescues competitors who have capsized.

He/she must have available the necessary safety and first-aid equipment to use in the event of a serious accident, and must render effective assistance to a competitor in difficulty. A physician must be continuously available.

9.13 An official may assume two or more functions.
No official may call to or in any way give technical advice to a competitor while on the course. It is forbidden for the Gate Judge to draw a competitor's attention, in any manner whatsoever, to any error committed.

10 INVITATIONS

[GR]

10.1 Invitations to an International Slalom Competition must be sent 2 months before the competition and must contain the following information:

- The date, place and type (A, B, or C) of competition.
- A description of the course.
- The approximate hour and order of the starts of the runs.
- The events.
- Details of the nature of the course and character of the water (difficulty rating).
- Safety measures
- The address to which entries should be sent.
- The final date for entries.
- List of challenges, prizes and conditions under which they are awarded. In the event of an International Competition invitation in Type C races, the maximum number of participants per event must be specified.

11 ENTRIES

[GR]

11.1 A Federation according to the instructions given in the invitation must make each entry to an international competition.

An entry must contain:

- Name of the Federation or Club to which the competitors belong.
- First and last names for each competitor.
- The events in which the competitors or teams wish to take part.
- The first and last names of: team manager, IJSL, and other personnel.

11.1.1 All communications should be in writing (Letter, Fax, E-mail, Telegram, Telex, etc.). Where verbal communication is used, it must also be confirmed in writing by the given deadline (midnight on the due date). In the eventuality of conflicting information, the information with letterhead and/or signature will take precedence.

11.2 The deadline for nominative entries shall be 14 days prior to the first day of the competition.

In extraordinary circumstances, application can be made to the Chairman of the Slalom Committee for the acceptance of late nominative /numerical entries from National Federations.

12 ACCEPTANCE OF ENTRIES

[TR]

12.1 The organising Federation must acknowledge receipt of the entries within 2 days.

13 THE START ORDER AND WORLD RANKING SYSTEM

[TR]

13.1 Start Order

13.1.1 The organiser is responsible for the start list at international competitions. The starting order for each class will be based on the ICF World Ranking. Competitors will start in the reverse order of their World Ranking. Competitors without a World Ranking are placed at the beginning of the start list and are drawn, and is the responsibility of the organizer.

13.1.2 Starting order for Junior international competitions will be based on Federation positions from the previous Junior World Slalom Championships. Junior competitors from Federations that did not participate in the previous Junior World Slalom Championships will be placed at the start of the order and are drawn, and is the responsibility of the organizer.

13.2 World Ranking System

13.2.1 The objective of World Ranking is to establish a ranking system for top athletes in Canoe/Kayak Slalom Racing.

13.2.1.1 World ranking is an on-going system of points to rank all the competitors in each event. The points given to each competitor are equal to their final position achieved at each designated event. The events designated are the World Cup events, Continental Championships and the Senior World Championships.

13.2.1.2 The current World ranking is calculated from the best 3 results of the 5 current designated events.

13.2.1.3 The ICF delegate at the event calculates the World Ranking in conjunction with the organizer.

14 RUNS

[TR]

14.1 An international slalom competition consists of 2 runs. For the score the results of both runs are to be added together. The organizer may hold heats, semi-final and final runs as in ICF competitions (see rule 41.3 Runs). The start order of the semi-final run will be the reverse of the competition result of the heats. The start order of the final run will be the reverse of the competition result of the semi-final run.

14.2 A semi-final/final course must have no more than 6 changes (in the gate position and/or negotiation direction) from the original course.

14.3 Team races in International Competitions may be reduced to a single run.

15 COMPETITION PROGRAMME

[TR]

15.1 At least 24 hours before beginning of the competition, a final programme must be available to each participating Federation, giving the names of the participants with their Federation or Club.

15.1.1 In organising the programme, the following principles should be followed: The individual events are run before the team events. When semi-finals and/or finals are held, these will be after the Team event.

In special circumstances, the runs of the heats maybe hold on different days. The order of the races announced in the invitation, and the intervals between races announced in the programme of competition are binding on the organisers.

Modifications may not be made unless the majority of the team managers give their approval.

16 ALTERATION AND WITHDRAWAL OF ENTRIES

[TR]

16.1 Announcement of changes or withdrawals must be made during the team manager's meeting, or in writing at least 1 hour before the first race of the programme on the day of competition.

16.1.1 Withdrawal of an entry is final and re-entry of the same competitor or team is not possible.

16.2 Any change of entry must be communicated to the Starter in writing.

17 START NUMBERS

[TR]

17.1 The personal numbers provided by the organizing national federation shall be placed on the back and if necessary on the front of the competitor as required by the organizing federation. The title or main sponsors name may be shown on the front side with the personal numbers.

17.1.1 The number figures must be 15/20 cm in height and 1.5 cm in thickness.

17.2 They should be fixed visibly to the body of the competitors. In C2 the bowman wears the number.

17.3 Each competitor is responsible for his/her start number.

18 INSTRUCTIONS TO TEAM MANAGERS

[TR]

18.1 Each team manager must receive, at least 5 hours before the beginning of the competition, written directions concerning the following points:

A list of the start orders.

Detailed timetable.

Time that the course opens.

Starting time.

Position of the starting line.

Position of the finish line.

The interval between starts.

The signal used by the Starter to give the start, and that employed by the Judges to clear the course (whistle).

Place where the competition office and the Jury (only at World Championships) may be found.

The time and place for the inspection of boats.

Manner in which the boats are to be transported from the finish back to the start, if appropriate.

Regulations concerning training.

Place for Doping Control (when required)

18.2 A meeting of the team managers from each participating Federation must be held at an appropriate time before the start of the competition. The following points should be discussed:

Additional instructions to competitors.

Approval of the course.

Changes and/or withdrawal of entries.

19.1 All boats must be made unsinkable, and must be equipped at each end with a handle attached no more than 30 cm from the bow and from the stern.

19.1.1 The following are considered as handles: loops of rope, rope with handles, or rope running the length of the boat from stem to stern, or a handle that is an integral part of the boat construction.

19.1.2 The handles must at all times permit easy insertion of an entire hand up to the base of the thumb to grab the boat.

19.1.3 The material used must be at least 6 mm in diameter, or a minimum cross-section of 2 x 10 mm.

19.1.4 Taping of the handles is not permitted.

19.2 Each competitor must wear a fastened safety helmet and a buoyancy jacket (buoyancy aid). Only branded products from manufacturers, which guarantee quality of material, will be accepted. Both have to be in good condition. Home made helmets and buoyancy jackets (buoyancy aids) will not be allowed.

19.2.1 A buoyancy jacket (buoyancy aid) shall consist of non-absorbent flotation material equally distributed, front and back, in a jacket or vest worn about the upper torso. It must have buoyancy sufficient to float a 6 kg legalised lead weight or it's equivalent in other metals, and should be designed to keep a conscious person floating in a face-up position in the water.

19.2.2 The safety helmet must offer sufficient protection to the head of the athletes in case he hits a rock for instance (Space between head and helmet shell to absorb the shock.) and a solid chin strap.

19.3 It is recommended that organisers spot check the buoyancy of the jackets and boats at both start and finish.

19.3.1 In doubtful cases, buoyancy of the boat is checked. The boat must float level at the surface when filled with water.

19.4 Competitors must be able to free themselves immediately from their boat at all times.

19.5 In the event of non-observance of the safety rules, the Starter, the Pre Start Controller, the Boat Controller and the Chief Judge each, according to their assigned duties, are responsible to prohibit a competitor from starting.

19.6 In any event, competitors start at their own risk; neither the ICF nor the organisers bear responsibility for accidents or damage to equipment that may occur on the competition course.

20 COURSE

[TR]

20.1 The course must be entirely navigable throughout its length and provide the same conditions for right and left-handed C1 paddlers. The ideal course should include:

- 1) Minimum one reverse maneuver,
- 2) Minimum one gate-combination, which offer the athlete several options
- 3) Constant direction changes and flowing movements using the technical difficulties of the water. (eddies, waves and rapids)

20.2 The course may not be less than 250 m in length, measured from starting line to the finish line (measured down the centre line), the maximum length must be no more than 400 m and, as a solid orientation for the course designers, the course should be navigable for K1men in a time close to 100 seconds (should not be less than 90 Sec.).

At the end of the competition course, there should be a cool down area for the competitors. There should also be flowing water warm up area of at least 100m, above or below, the competition course. These areas are open for all categories that are competing on that session and must not affect the start and finish area.

20.3 The course must consist of natural and/or artificial obstacles.

The accredited teams have free access to the course (no fee) during official training weeks and the scheduled competition days.

20.4 The course must consist of a maximum of 25 gates and a minimum of 18 gates of which a minimum of 6 and a maximum of 7 must be upstream gates.

20.4.1 The distance between the last gate and the finish line must be no less than 15 meters and must be no more than 25 meters.

20.4.2 The organisers must choose a course where a race can be run without annoyance or inconvenience to the competitors. The gates must be placed with correct presentation clearly indicated (by colour of poles and the number board), and sufficient room be allowed, to permit a correct negotiation and judgement of penalties without uncertainty.

20.5 If during a run in some event the Chief Judge finds that a significant change in water level has occurred that may be corrected, he may stop the competition until the original water conditions are restored.

20.6 If during the competition unusual circumstances alter the nature or design of the course, only the Chief Judge may authorise alteration to or change the position of a gate.

21 APPROVAL OF THE COURSE

[TR]

21.1 Ideally the boats for the demonstration run should be one right-handed C1, one left-handed C1, two K1M, two K1W, and two C2 (front left and front right). In any case the maximum number of boats for each category should be no more than 2.

21.2 The Chief Official, the Technical Organiser, the Chief Judge and the Team Managers determine the navigability of the course.

21.2.1 If the course is judged in some way unacceptable, (I.E. the course, or part of the course is unfair, dangerous or impossible to negotiate) the above persons named in Rule 21.2 are qualified to make a decision.

If more than half of them ask for a modification, the course must be modified. In these cases, the new course change proposals will be made by the course committee.

In the event that the course is particularly difficult, the organizers must, upon demand of more than half the Team Managers, diminish the difficulties for certain events.

After the vote and approval, no further modification may be made.

The first start of the official training runs (when held) may not be held less than 20 minutes after the course is finally declared approved

22 TRAINING

[TR]

22.1 At the organisers discretion a training run may be allowed on the completed course during international competitions. Training runs are not mandatory.

23 START

[TR]

23.1 Starts may be directly upstream or downstream. Angled starts with respect to the current direction are not permitted.

23.2 An assistant to the Starter must hold each boat at the starting position until the start.

23.3 Only standing starts are permitted.

23.4 In the team runs, the second and third boats must be stationary (preferably held) until the first boat activates the timing of the run.

In any case, any special instructions of the Starter must be adhered to.

24 START INTERVAL

[TR]

24.1 In individual events, starts are separated by at least forty-five seconds.

24.2 In the team events, starts are separated by at least ninety seconds.

25 FALSE START

[TR]

25.1 Only the Starter is qualified to determine that a false start has occurred and to recall the competitor by means of an appropriate signal.

25.2 The Starter determines if a second start is given and notifies the Chief Judge.

26 FINISH

[TR]

26.1 The finish line must be marked very clearly on both sides.

26.2 A competitor's run is complete when he/she crosses the finish line. He/she must not cross the finish line more than once at the risk of disqualification from that run.

26.3 In the team event all 3 boats must cross the finish line within 15 seconds of each other.

27 MARKING OF THE GATES

[TR]

27.1 The gates consist of 2 suspended poles painted with green and white rings for downstream gates and red and white rings for upstream gates, with bottom ring always white, each ring 20 cm.

27.2 The width of the gates is 1.2 meters minimum to 3.5 meters maximum measured between the poles. Poles must be round and 1.6 to 2 m long by 3.5 to 5.0 cm in diameter, and of sufficient weight that motion caused by wind is not excessive.

27.3 The lower end of the pole should be approximately 15 cm above the water, and the pole must not be put in motion by the water.

27.4 Gates must be numbered in the order of negotiation.

27.5 The gate number panels must measure 30 cm x 30 cm. The numbers must be inscribed on both sides of the panels using black paint on a yellow or white background. Each number and letter must measure 20 cm in height and 2 cm in thickness. On the side of the panel opposite the direction of correct negotiation, a diagonal red line is painted bottom left to top right.

27.6 At each judging position the numbers of the gates being judged must be clearly displayed.

28 NEGOTIATION

[TR]

28.1 All the gates must be negotiated in numerical order.

28.2 All gates must be negotiated in accordance with the direction established by the correct side of the gate number panels.

28.3 All gates may be negotiated in any presentation from the correct side of the gate.

28.4 Negotiation of a gate begins when:

The boat or the body or the paddle touches a pole of the gate OR part of the head of the competitor (in C2, one of the two competitors) breaks the line between the poles. Breaking the line means the entire head passes the line between the poles

28.5 Negotiation of a gate is ended when the negotiation of any subsequent gate begins OR the finish line is crossed.

28.6 The following conditions must be satisfied for a gate to be considered correctly negotiated:

28.6.1 The complete head of the competitor or competitors must cross the line between the poles in accordance with the correct side of the gate and the course plan.

28.6.2 Part of the boat must cross the line between the poles at the same instant as the complete head crosses the line.

28.7 A correct negotiation of a gate without touching the pole with the body, the paddle, or the boat is a faultless negotiation.

29 PENALTIES

[TR]

29.1 0 Point Penalty

Correct negotiation without fault.

29.2 2 Point Penalty

Correct negotiation of the gate, but with a touch of one or both poles.

29.3 Repeated touching of the same or both poles is only penalised once.

29.4 50 Point Penalty

29.4.1 Touch of a gate (either 1 or 2 poles) without correct negotiation.

29.4.2 Intentional pushing of a gate to allow negotiation (it is not judged an intentional push when the body and the boat of the competitor were already in a position in which it would have ideally negotiated the gate).

29.4.3 The head (in C-2 one of the two competitors) breaks the gate line upside down.

(For definition of upside down see Rule 39.5)

29.4.4 During any gate negotiation no part of the head is allowed to break the gate line in the wrong direction.

29.4.5 Gate left out.

Gate(s) left out is determined to have occurred when negotiation of any subsequent gate begins OR the finish line is crossed.

29.4.6 A team failing to cross the finish line within 15 seconds.

29.4.7 Part of the head breaks the line between the poles without part of the boat.

29.5 Undercutting of a gate without a touch is not penalised.

29.6 Repeated attempts at a gate without touching the poles is not penalized if part of the head of the competitor(s) has NOT broken the line between the poles.

29.7 Fifty- (50) penalty-seconds is the maximum obtainable on any gate.

29.8 At all times, the benefit of any doubt must be given to the competitor.

30 SIGNALLING BY THE JUDGES

[TR]

30.1 Visible signalling discs or cards are normally used to communicate the penalties to the spectators.

30.1.1 A yellow disc or card marked with figures 2, and a red card or disc marked with figures 50. The figures must be black and marked on both sides.

30.2 Signalling is carried out according to the following rules:

30.2.1 Faultless passage through the gate, no signal given.

30.2.2 Negotiation with penalty, a yellow /red disc / card is held steady (with the figures 2 or 50) or on an section scoreboard according to the penalty seconds incurred.

30.2.3 Disqualification or elimination, a red disc, waved side-to-side.

31 CLEARING THE COURSE

[TR]

31.1 When a competitor is overtaken by another competitor, he/she must give way, if the Section Judge gives repeated blasts on a whistle.

31.2 The overtaking competitor must be attempting to negotiate the course properly. If he/she is overtaking as a result of missing gates, then he/she must not hinder the competitor he/she is approaching.

31.3 If one competitor is hindered by another, he/she may repeat the run if so authorised by the Chief Judge.

32 CAPSIZE

[TR]

32.1 It is considered a capsize when the boat is upside down and the competitor (or a competitor in C2) has left the boat completely.

32.1.1 Eskimo roll is not considered to be a capsize. In team runs, members of the team may help each other to Eskimo roll.

33 TIMING

[TR]

33.1 The time of a run is measured from:

The time that the competitor's body or electronic device (on body or boat) first breaks the starting line to the time when the finish line is broken by the competitor's body or electronic device (in C2, the first body that crosses the line).

In team racing, the time is measured from the departure of the first boat until the arrival of the last boat. During crossing through the finish line, the competitor(s) must keep the paddle in both hand and not attempt to break the beam line with the paddle before the body breaks the line (controlled by the finish judge) .

33.2 Timing of each run must be accurate to at least 1/100th of a second, and the results must be reported to the nearest 1/100th of a second.

(Example: running time of 1 minute, 30 and 5/100th seconds would be reported as 90.05 seconds)

34 CALCULATION AND POSTING OF RESULTS [TR]

34.1 The following formula is used to calculate the results:
time of both runs in seconds + penalties = result

34.1.1 Sample for an individual score in each run

Running time:	2'20'' ⁸²	=	60 + 60 + 20.82	=	140.82	seconds
Penalty seconds:			2 + 2 + 50	=	54.00	seconds
Total:				=	194.82	seconds

34.1.2 Sample for Scoring of a Team in each run:
 Time between the start of the first boat and the arrival of the last boat:

Running time:	2'20'' ⁸²	=	60 + 60 + 20.82	=	140.82	seconds
Penalty seconds of first boat:				=	104.00	seconds
Penalty seconds of second boat:				=	154.00	seconds
Penalty seconds of third boat:				=	56.00	seconds
Total:				=	454.82	seconds

34.2 As soon as the results of a run for a competitor or team are known, the start number, the penalties, and the time should be announced and must be posted in the designated place until the time for filing protests has elapsed.

34.3 The following notations will be used in reporting the results:

DNF	did not finish
DNS	did not start
DSQ-R	disqualified for particular run
DSQ-C	disqualified from the competition

In case of DNF , DNS, DSQ-R the penalty seconds given will be 999 for calculation and classification. In case of DSQ-C - no classification

34.4

- If more than one athlete/team was DNF, DNS, DSQ-R or DSQ-C - they should be sorted by NOC code.
- For DNF boat(s) in the Results List just boat identification will be displayed/listed without any results achieved during the race before abandoning. In the Results output that includes multiple runs results should be shown just for completed run.
- For DSQ-R boat(s) (which are not eliminated from whole competition), rules are the same as for DNF.
- For DSQ-C boat(s) the boat(s) are eliminated from the whole competition, and will not be ranked. The results, which have already been archived in a round when DSQ-C subsequently occurs, will not be shown in the results or the race analysis of that particular round. Results for rounds, which the boat(s) completed before disqualification, will remain.

34.5 For DNS boat(s) rules are the same as for DNF. In the real time outputs (Scoreboards) for the 2nd heat, DSQ-R, DNF and DNS from 1st heat will start with 999 seconds.

35.1 In the event that two or more competitors obtain the same score, the best single run score of two runs will resolve the tie. If there is still no difference then the competitors are given the same ranking.

35.1.1 In the case that there is a tie for a position that qualifies for the next rounds (semi-final or final) cannot be resolved applying above mentioned criteria, all tied competitors qualify

35.2 Medal awarding of tied boats:

In case of two boats sharing the gold, the silver medal will not be awarded.

In case of three or more boats share the gold; no silver and bronze will be awarded.

In case two or more boats share the silver, no bronze medal will be awarded.

In case that two or more boats share the bronze, all will be awarded a bronze.

36.1 A protest against a crew to compete in a race shall be advised to a member of the Competition Committee not later than one hour before the start of the race.

A protest made later - within 30 days from the date when the race in question was held - is only permitted if the officials of the association making the protest can prove that the facts on which the protest is based came to their knowledge later than one hour before the start of the race.

36.2 A protest is considered only when the following conditions are fulfilled (GR).

The Team manager must announce his/her intention to file a protest no more than 5 Minutes after the official posting of the results, signed by Chief Judge, of the last competitor in that run . This announcement has to be done to the Chief Judge or to the Score Office at the Protest Desk.

36.2.1 The Team Manager must then submit the protest in writing. It is submitted no more than 20 minutes after the official posting of the results for the last competitor in that run. The Chief Judge will accept a protest from a Team Manager upon receipt of a deposit of 25 EUR, or the equivalent in the currency of the Country organizing the competition. The deposit is returned if the protest is upheld. If the protest is not upheld, or the Team Manager withdraws the protest, the deposit is forfeited to the Organizing Committee of the competition.

36.3 A protest can be lodged against a decision of a judge:
If there was poor or non-observation of the negotiation of a gate.
For a decision that is probably or manifestly erroneous.
For obvious irregularity in the conduct of the competition.

36.4 The Chief Judge evaluates the legitimacy of protest. He/she listens to the testimonies of the Judges and informs himself/herself of any other matters in dispute. Video review may not be used to contest items of fact (judging decisions). The Chief Judge transmits his/her decision in writing to all directly affected teams.

36.5 At the discretion of the Chief Judge, inquiries into matters of fact or technical errors may be dealt with as simple inquiries (with no fee).

37 APPEAL TO THE COMPETITION COMMITTEE OR JURY [GR]

37.1 The Team Manager must make an appeal to the Competition Committee (or Jury at World Championships and Olympic Games) in writing. The Appeal must be delivered to the Inquiry/Protest/Appeal Desk.

37.1.1 A deposit of 25 EUR or the equivalent must accompany an appeal to the Competition Committee in the currency of the country organising the competition. The deposit is returned if the appeal to the Competition Committee is partially or totally upheld. If the appeal to the Competition Committee is not upheld, the deposit is turned over to the Organising Committee of the Competition.

37.2 An appeal to the Competition Committee against a decision of the Chief Judge can be made when it appears that there is a contradiction with the rules of competition.

37.2.1 Items of fact cannot be contested by an appeal to the Competition Committee

37.2.2 An appeal to the Competition Committee against a decision made by the Chief Judge during the running of the competition can be submitted at the latest, 20 minutes after the latter has announced his/her verdict to the Chairman of the Competition Committee in the Scoring Office.

37.3 Appeal can be made to the Competition Committee protesting the right of a competitor to participate in a competition if this protest has been given to the Competition Organiser at least an hour before the beginning of the competition, but no decision has been made on the subject.

37.4 An appeal to the Competition Committee against a decision on the right of a competitor to participate in a competition can be made until the beginning of the competition.

37.5 The Chairman of the Competition Committee must immediately reconvene the Competition Committee if a legitimate appeal needs to be dealt with.

37.5.1 The Competition Committee must make its own decision known within 60 minutes after the commencement of the meeting.

37.5.2 The Competition Committee should consult the Chief Judge, the Judges and other officials in order to obtain the necessary information to come to a decision. .

37.5.3 The decision of the Competition Committee is indicated with justifying arguments in writing to the complainant

38 APPEAL TO THE BOARD OF DIRECTORS OF THE ICF [GR]

38.1 A participating Federation can appeal to the Board of Directors of the ICF if, after the end of the competition, new facts become known that would have prohibited the participation of a competitor.

38.2 A competitor has the right to submit through his/her Federation an appeal to the Board of Directors of the ICF against a decision of the Competition Committee at the competition.

38.2.1 The Board of Directors of the ICF determines priority to give to this proposal.

38.3 An appeal to the Board of Directors of the ICF must be: Settled within 30 days following the end of the competition in question accompanied by a deposit of 25 EUR

38.4 The Board of Directors of the ICF makes its decision and addresses it in writing to the complainant party.

39 DISQUALIFICATION FOR THE RUN [GR]

39.1 If a competitor starts in a boat, which does not conform to the rules, The Chief Judge may disqualify him/her for that run. (DSQ-R)

39.2 The Chief Judge can disqualify a competitor who accepts outside assistance after the official judging the situation has informed the latter. (DSQ-R)

39.2.1 In the spirit of this article, the following is considered as "outside assistance":

All aid given to a competitor or to his/her boat.

Giving, passing, or throwing to a competitor a spare paddle or his/her original lost paddles. Directing, pushing, or movement of the boat by anyone other than the competitor himself/herself.

Giving directions to competitors by means of electro-acoustic apparatus or radiotelephone (e.g. radio-telephone between the competitor and any other person).

39.3 A competitor who leaves his/her boat is disqualified for the run in question.

If a competitor leaves his/her boat during a team run, the entire team is eliminated and must immediately leave the course. (DSQ-R)

39.3.1 After a capsize (see Art 32) in a team run, the rest of the team are not permitted to intentionally negotiate any following gates (DSQ-R)

39.4 A competitor who is not ready to start as scheduled can be disqualified for the run if there is negligence on his/her part. Decision of the Chief Judge (DSQ-R)

39.5 Crossing the finish line upside down disqualifies that run. The boat is considered upside down when the body of the competitor is entirely under water. Decision of the Chief Judge (DSQ-R)

40 DISQUALIFICATION FOR THE WHOLE COMPETITION [GR]

40.1 A competitor who attempts to win a competition by irregular means, who breaks the rules, or who contests their validity, is disqualified for the competition. (DSQ-C)

40.1.1 If a competitor is forced to break the rules by the action of another person, the Competition Committee (at the World Championships the Jury) decides if he/she will be disqualified or not for the competition. (DSQ-C)

40.2 The Chief Judge may discipline any competitor or official whose behaviour is detrimental to the good order and conduct of the competition. Notice of this must be referred to the Competition Committee or Jury, who may after repeated action by the offender, disqualify him/her for that competition. (DSQ-C)

40.3 For disqualification after competition caused by doping or ineligibility

- erase all achieved results and rankings of DSC-C boat(s),
- re-calculate results accordingly, and
- produce the revised version off all affected outputs (results, summaries, medals).

CHAPTER IV - SPECIAL RULES FOR WORLD CHAMPIONSHIPS SENIORS

41 ORGANIZATION

[GR]

41.1.1 World Championships are only organised upon the authority of the Board of the ICF and only in the events given in the competition rules. These are open to all Federations of the ICF.

41.1.2 World Championships in Slalom are held every year except in the year of Olympic Games. The ICF Board determines the place and date.

41.1.3 The Slalom Committee nominates a Chief Official, Chief Judge, and other officials as required, who are appointed by the Board of Directors of the ICF for the duration of the competition.

41.1.4.1 In the Olympic events, a valid World Championship is held only if at least six (6) Federations from at least three (3) Continents start in the event. If during the course of the event some Federations drop out or do not finish, the validity of the Championships is not affected.

41.1.4.2 For the Non-Olympic events, a valid World Championship is held only if there are at least six (6) Federations in each event AND there must be at least three (3) Continents starting OVERALL in the competition. If during the course of the event some Federations drop out or do not finish, the validity of the Championships is not affected.

41.1.5 Charges may only be made in the contract between the ICF and the Organising Federation.

41.2 PARTICIPATION

[TR]

41.2.1 A Federation is entitled to enter three (3) boats in each individual event for the preliminary heat and a single team in each event in World Championships.

41.3 RUNS: HEATS - SEMI-FINAL - FINAL

[TR]

41.3.1 World Championships Slalom competitions consist of heats with two runs; one semi-final run and one final run.

41.3.2 For the score of the heats the results both runs are to be added together.

Progression to the semi-final run is as follows:

If there are 46 or more boats in the heats then	40 go to the semi-final.
If there are 35 - 45 boats then	30 go to the semi-final.
If there are 25 - 34 boats then	20 go to the semi-final.
If there are 20 - 24 boats then	15 go to the semi-final.
If there are less than 20 boats then up to...	10 go to the semi-final.

41.3.3 For the score of the semi-final run the result will be determined on the total seconds of one (1) run. From the result of this run those that finish up in the top 10 boats will progress to the final.

41.3.4 For the score of the final the total seconds of the semi-final and the total seconds of the final are added.

41.3.5 In Team Races there must be 2 runs except in exceptional circumstances determined by the Chief Judge.

41.3.6 For the score of the Team result both runs are added together.

41.4 SCHEDULING OF COMPETITIONS

[TR]

41.4.1 Slalom competition occurs:

Normally on 4-5 consecutive days.

The order of the different categories in the Competition Schedule is the responsibility of the ICF.

Team runs should occur after the heats of all single boat competitions have concluded.

Example:

Day 1 Heats for two categories

Day 2 Heats for two categories

Day 3 Team events for all categories

Day 4 Individual Semi-Finals and Finals for two categories (or four)

Day 5 Individual Semi-Finals and Finals for two categories

There is no official training run at World Slalom Championships.

The team event follows the individual heats events and uses the same course.

41.4.2 A tentative programme of the championship must be sent to the Slalom Committee ONE year before the date on which the Championships are to be held. With the permission of the ICF the programme may be varied or extended.

41.5 INVITATIONS

[GR]

41.5.1 The invitations for World Championships must be addressed to all the other Federations by the organising Federation. This must be done at least 3 months before the first day of the competition.

41.6 ENTRIES

[GR]

41.6.1 Entries given the number of boats participating in each event must be in the hands of the organising Federation at least 45 days before the first day of the competition.

41.6.2 Names of competitors in each event must be in the possession of the Organising Federation at least 14 days before the first day of the competition. In extraordinary circumstances, application can be made to the Chairman of the Slalom Committee for the acceptance of late nominative/numerical entries from National Federations.

41.6.2.1 Submitted lists must give the names of the head of delegation, team manager, as well as other officials of the team. No participating Federation at the competition may have more than one Judge per Section including the Section Judge. All Judges per section should be from different countries.

Note: - each participating Federation should provide at least one current IJSL, holding a valid card. The names of these IJSL's must be sent, by a date published by the ICF Head Quarters, to the Chairman of the ICF SLC for him/her to present a list of officials to the Board of Directors for their approval.

41.7 ACCEPTANCE OF ENTRIES

[TR]

41.7.1 The organising Federation must acknowledge receipt of each entry.

41.8 THE START ORDER AND BIB NUMBERS

[TR]

41.8 The Start Order and Bib numbers

41.8.1 The starting order for the two individual heats runs is the reverse order of the current World Rankings. Competitors who currently have no World ranking are put at the start of the list and are drawn, by the organizer.

The start order of the semi-finals will be the reverse order of the individual heats results. The start order of the individual final run will be the reverse order of the individual semi-final results.

41.8.1.1 The bib numbers of the athletes should be according to their current ICF world ranking. To the athlete with the highest rank they will assign bib number "1", to the second best ranked the bib "2", etc. Any athletes without ICF world ranking will be assigned bib numbers by draw. Four physical sets of bib numbers beginning with number "1 " for each category will be required for the whole competition.

41.8.2 The Starting order for the 1st team run will be determined by the average World Ranking of the top 3 competitors from each participating nation entered in the individual competition.

The start order of the second team run will be the reverse order of the first team run results.

41.9 PROGRAMME

[TR]

41.9.1 At least 1 month before the opening of a World Championship, each participating Federation must receive the provisional programme with an approximate timetable, and containing the number of registered boats in each event from each participating Federation.

41.9.2 The final programme must be in the hands of the participating Federations at the latest 1-day before the competition.

41.9.2.1 This programme must contain:

The complete programme of events and the timetable for the events. The name and Federation of each participating competitor and their start numbers

41.10.1 [GR] Jury

During the World Championships, the supreme authority rests with the Jury. The Jury consists of up to five persons.

The Board of Directors of the ICF appoints the members of the Jury.

One of these, either the President or another member of the ICF is named Chairman of the Jury.

The Chief Official and other technical officials are subordinate to the Jury in agreement with Article 9.

Appeal against decisions made by the Chief Judge must be presented in writing and submitted with a fee of 25 EUR (or the equivalent in the currency of the country organising the competition) to the Chairman of the Jury in the Scoring Office within 20 minutes of the time that a decision is given by the Chief Judge. The decision of the Jury is final. The fee will be returned if the claim is justified.

41.10.2 [GR] / [TR] Officials

World Championships must be managed by the officials, listed in Article 9 of the Competition Rules, under the directorship of the Chief Official. Officials may assume two or more functions.

With the exception of the course Sub Committee they may not also assume any National team obligations, such as Team Manager, Coach, and Trainer.

The names of these officials must be sent, by a date published by the ICF Head Quarters, to the Chairman of the ICF SLC for him/her to present a list of officials to the Board of Directors for their approval.

The expenses for room and board during the whole competition are the responsibility of the Organising Federation for the following Officials: Jury, Chief Official, Technical Organiser, Chief Judge and the Course Sub Committee.

41.11.1 The course must be navigable throughout its length.

41.11.2 The course must consist of minimum 18 and maximum 25 gates of which at least 6 and maximum 7 must be upstream.

41.11.3 The course may not be less than 250 meters in length, measured from the starting line to the finish line (measured down the centre line), and must be no longer than 400 meters.

41.11.4 Two years before the World Championships the site of the proposed course shall be determined. The proposed course should not conflict with environmental or ecological regulations of the host country.

41.11.5 The distance down the course in meters down the centre line shall be published.

41.11.6 The Slalom Committee names a Sub Committee consisting of 2 or 3 IJSL from -different Federations, and is approved by the Board of Directors.

Normally four days before the first day of the competition, the Sub Committee designs the course and supervises the hanging of the gates.

The Sub Committee also designs and publishes the amended course for the Individual Semi-Final/Final, which has to take into account the positions for judging used on the first course. The amended Individual Semi-Final/Final course may have a maximum of six gate position and/or direction changes.

The Technical Organiser and the Chief Judge may offer the Sub Committee their advice on the course design and hanging.

A map of the course layout is published in a manner that can be seen by all the participants, as soon as possible after the course is designed.

After assisting the Sub Committee in carrying out its task in the most efficient and clearest possible way, the organising Federation prepares a map of the course exactly to scale of 1: 1000.

The organising Federation must provide the Sub Committee with information on the possibility of and necessity for water control.

The Sub Committee's expenses for room and board are the responsibility of the Organizing Federation.

41.12 TIMING

[TR]

41.12.1 Timing at World Championships must be carried out both by a photoelectric system and stopwatch. In any case, the body of the competitor must be used to both start and stop the clock (see Article 33.1)

41.12.2 In the calculation of results, the photoelectric system has priority. In the event of failure of the photoelectric system, the backup times are used.

41.13 ANTI-DOPING

[GR]

41.13.1 Doping as defined in the Olympic Movement Anti-Doping Code is strictly forbidden.

Doping control shall be conducted in accordance with the ICF Doping control regulations under the supervision of the ICF Medical Committee.

41.14 AWARDS

[GR]

41.14.1 The championships awards are given in the form of medals according to the Olympic protocol.

The medals to be awarded shall symbolise gold, silver and bronze. They are provided at the expense of the organising Federation, which obtains them upon application from the ICF.

The medals must on no account be presented to any other persons than those who have won championship events. Only medals, to the exclusion of all other prizes, are to be presented at the official ceremony. Other prizes may be presented on an occasion other than this ceremony.

41.14.2 The medals are awarded as follows:

41.14.2.1 Individual Championships:

1st Place - Gold
2nd Place - Silver
3rd Place - Bronze

41.14.2.2 Team Championships:

41.15.1 A copy of the detailed final and official results of the World Championships, reports relevant to the protests, from the organising Federation, Chief Official and from the Chief Judge and all other relevant documents must be sent to the Secretary General of the ICF and to the Chairman of the Slalom Committee, within 30days after the closing of a World Championship.

CHAPTER V - SPECIAL RULES FOR WORLD CHAMPIONSHIPS JUNIORS

42.1 PURPOSE

[GR]

In order to extend the practice of Canoe/Kayak Slalom Racing Championships for Juniors will be held in even years.

42.2 ORGANIZATION

[GR]

Championships for juniors may be arranged only with the consent of the ICF Board. Junior Championships are open for competitors from all continents, however only for National Federation-members of the ICF. Junior World Championships are to be conducted every two years at a time and place agreed upon by the ICF Board and in accordance with the ICF rules. Charges may only be made in the contract between the ICF and the organising Federation.

In the Olympic events, a valid World Championship is held only if at least six (6) Federations from at least three (3) Continents start in the event (see Section I; Art. 41.1.4.1).

For the non-Olympic events a valid World Championship is held only if there are at least six (6) Federations in each event AND there must be at least three (3) Continents starting OVERALL in the competition. If during the course of the event some Federations drop out or do not finish, the validity of the Championships is not affected (see Section. Art 41.1.4.2).

42.3 AGE LIMITS

[GR]

The first year a competitor can compete in a Junior World Championship is the year in which his/her 15th birthday falls and the last year he/she may compete, as a junior is the year in which his/her 18 birthday falls in.

42.4 CATEGORIES: KM, KW and CM

[GR]

Individual events:

Individual Events	Women	K1
	Men	K1
	Men	C1
	Men	C2
Team Events	Women	3xK1
	Men	3xK1
	Men	3xC1
	Men	3xC2

A Federation is entitled to enter **three** (3) boats in each individual event, and a single team in each event. There will be heats, a semi-final and a final as in the Senior World Championships with the same number of boats qualifying for the semi-final and final. There normally will be two Team runs.

42.5 START ORDER

[TR]

At Junior World Slalom Championships, the start order is the reverse order by Federation of the results of the previous Junior World Championships. Federations, which did not participate at the previous Championships, will be placed at the start of the list and are drawn, by the organizer.

Entries from Federations must therefore rank their entries in each event so that the organiser can allocate them to the correct starting positions. The starting order for the Team event will be the same as for Senior World Championships.

42.6 ENTRIES

[TR]

Entries for a Junior Championship can only be made by National Federations and in agreement with the conditions listed in the invitation. The inscription form must include forename and family name, sex, date of birth, and name of the competitors Federation. Before the competition, the Team Manager has to present an official document such as a passport, identification card that includes a photo, for age confirmation purposes of the competitors.

42.7 I.J.S.L.

[GR]

Each participating Federation should provide at least one I.J.S.L. holding a valid card.

CHAPTER VI - SPECIAL RULES FOR OLYMPIC GAMES

43

The programme, the participation, and the invitation for the Olympic Games are established in agreement with the requirements of the International Olympic Committee.

In all other respects, the technical rules of the ICF and, in particular, the special rules for World Championships, shall apply.

See also Chapter II; Art. 7.3 [IOC] Requirements for Olympic Games.

CHAPTER VII - SPECIAL RULES FOR WORLD CUP COMPETITION

44.1 DEFINITION OBJECT

[GR]

44.1.1 World Cup Competitions in Slalom (WCS) are organised every year for the purpose of propagating and developing the sport

44.1.2 One award is made in each of the events: K1, K1W, C1 and C2, bearing the title: ICF Slalom World Cup.

44.1.3 The WCS normally consist of events according to the ICF Program.

44.2 ORGANIZATION

[TR]

44.2.1 The National Federations must propose candidatures for World Cup Competitions to the Chairman of the ICF SLC before the 1st March four years before the competitions.

44.2.2 The SLC selects from the candidates for World Cup participation and prepares a calendar of World Cups for the next four years. The ICF Board of Directors endorses these selections.

44.2.3 These events must be specified as WCS in the ICF calendar.

44.2.4 World Cup Competitions are valid if at least 5 Federations start.

44.2.5 The competitions must be conducted in accordance with the ICF Slalom rules, except as modified herein.

44.2.6 WCS are only open to Federations who are members of the ICF.

44.2.7 WCS are ICF Competitions and must be held as totally separate events in their entirety and not interspersed with any other form of competition.

44.2.7.1 The competition should be organised normally on two days in succession. The first day will be two runs of the heats competition. The progression and number of boats for semi-final and finals will be the same as in the World Championships (article 41.3)

44.2.7.2 The final course will have no more than six gate changes.

44.3 ENTRIES

[TR]

44.3.1 The Federations may enter up to three (3) boats per event to take part in the WCS.

44.3.2 Entries must be received by 14 days before the respective World Cup Competitions.

44.4 THE COURSE

[TR]

44.4.1 Two coaches of participating Federations, nominated by the ICF SLC, must design the course. Normally these coaches are selected at the event by a draw carried out by the ICF Delegate. The coaches should not come from the host Federation. The coaches should come from Federations that have competed in the previous year in both Canoe and Kayak categories. Once a coach has been selected he/she should not be involved in course design at a World Cup until the following year. Only one coach may be proposed from each Federation.

44.5 STARTING ORDER AND BIB NUMBERS

[TR]

44.5.1 The start order for the heats is the reverse order of the current World Rankings. Competitors who currently have no World ranking are put at the start of the list and are drawn, by the organizer.. (See Chapter I; Art. 14)

44.5.1.1 The bib numbers to the athletes should be in according to their current ICF world ranking. To the athlete with the highest rank they will assign bib number "1", to the second best ranked the bib "2", etc. Any athletes without ICF world ranking will be assigned bib numbers by draw. Four physical sets of bib numbers beginning with number "1", for each category will be provided for the whole competition.

44.5.2 The starting order for the semi-finals is the reverse order of the results from the heats.

44.5.3 The start order for the final is the reverse order of the results from the semi-final.

44.6 ICF OFFICIALS FOR WCS

[TR]

44.6.1 The SLC nominate 1 ICF Delegate for each of the WCS events.

44.6.1.1 The organising Federation pays travel expenses, room and board of the delegates of the ICF.

44.7 DUTY OF THE ICF OFFICIALS

[TR]

44.7.1 The delegate of the ICF supervises the competition.

44.7.1.1 He/she has the right to attend and vote at all meetings.

44.7.1.2 He/she must, in co-operation with the organizers, establish the World ranking of all the competitors and oversee the production of the current World Cup results.

44.7.2 After each WCS the delegate of the ICF must submit a report to the Secretary General of the ICF and to the Chairman of the ICF SLC concerning the sporting nature of the competition.

44.8.1 On the basis of the final results of each of the WCS Series the Cup ranking in each event is established.

44.8.1.1 Each of the participating competitors receives points in the WCS as follows:

1 st place	-	30 points	9 th place	-	13 points

[TR]

44.10.1 The final results must be announced and the World Cups awarded in a manner according to the statutes concerning ICF-Competitions.

45 SPECIAL RULES FOR 4-CAT- RELAY COMPETITION

[TR]

45.1 Aim: During of the World Cup competitions special 4 CAT Relay races may be organised to increase the interest in developing the four Canoe/Kayak disciplines in many countries simultaneously.

45.2 Run:

45.2.1 Each "4Cat"-Team Relay is a combination of: 1- K1M 1- K1W 1- C1M and 1- C2M

Each boat negotiates only a quarter of the course.

45.2.2 Teams change over boats at three specified gates = "Changeover gates"

(Specified by the course designer; Example: Gate 5, 10, and 15).

45.2.3 Teams will have only one run.

45.2.4 The time is taken from the start of the first boat and ends when the fourth boat crosses the finish line.

45.2.5 Teams may decide which category negotiates which section of the course.

45.2.6 Start: The boats may only put in above the Start for the first boat and above the particular "Changeover" gate for the other boats.

Finish: After the particular section is completed this boat must leave the course near his/her "changeover gate". The boats are not allowed to cruise down the rest of the course.

45.3 Changeover rules:

45.3.1 1st paddler's body must cross the gate line of the "Changeover gates" before the following paddler crosses the "Changeover gates" line.

45.3.2 At the "Changeover gates" both boats can make penalties. (This makes sure that both boats negotiate this gate correctly.)
